

# SHOWCASE XPLUS EDITION

PRO-STRETCH fabric acoustic wall treatment system by **eomac**

**eomac** supplied and installed PRO-STRETCH fabric acoustic wall treatment system with ultra-bright recessed LEDs at Showcase Cinemas, Leeds, United Kingdom. Bespoke geometric shapes were produced to create an extra layer on the side-walls wherein LEDs were tucked in between, creating a magical illumination effect all around the geometric shapes. All the high traffic areas are finished with PRO-TECT impact resistant fibre wallcovering to keep the auditorium walls free of damage and looking new for years to come.
